Selections from the Schoen Collection

Scavenger Hunt

These American Scene paintings show life in America from the 1930's to the 1950's.

Check out all the people wearing hats! When these paintings were made, it was very common for people to wear hats when they were out and about.

Find these folks in the paintings...

Memories... Ask an older person, like a grandparent or neighbor, if they have memories of wearing a hat “back in the old days.”
